

### How to Get Involved

The **Euclid/Hillcrest Area Family to Family Collaborative** is comprised of representatives from local organizations, agencies, and service providers including schools, churches, human service providers, government agencies, and more.

These groups come together for the sole purpose of servicing people in need here in our community. The Collaborative partners meet monthly to learn about the many programs and services available in our community, as well as learning about new ways of referring clients and working in a truly collaborative format.

If you or your organization would like to learn more about becoming involved with the work of The Collaborative, please contact our System of Care Coordinator at (216) 731-7454.
