

A DAY IN BUCYRUS BUS TRIP

BUCYRUS COPPER
KETTLE WORKS

Let's head southwest and travel to **Bucyrus, Ohio**. Our first stop will be at the **Bucyrus Copper Kettle Works**. This is the last of the old copper shops in America that still makes its original products by hand. A tour of the crafts-men at work is fascinating, but the building is a visual treat from nook to cranny as it is more than 130 years old and has a character unique unto itself. We will also make a quick stop at **Carl's Gas Station & 50's Memories** for a throw back to more recent times. The wall-to-wall collection of Yesteryear memorabilia features vintage Coca-Cola and Rout 66 collectibles with a splash of Elvis and James Dean.

Then we are off to enjoy lunch and shopping at **Pickwick Place**. It is a multi-generation family horse farm turned into a venue for all to enjoy in central Ohio. There are 3 restored brick barns to welcome you to the home-grown shopping destination. Whether it's finding that unique handcrafted item from our vendor stalls, picking something fresh from the market or stocking up on your favorite Ohio-made foods. And a surprise on the way home.....
